WA= Waterhouse Creek

WE= Weir Creek

WI= Willow Creek

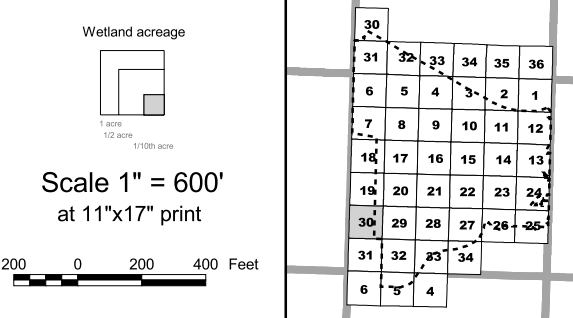

WO= Woods Creek

WETLAND INFORMATION IS SUBJECT TO CHANGE

This map is for planning purposes only. Mapped wetland and riparian study area boundaries were not flagged or surveyed (unless noted as delineation study.) There may be exceptions or unmapped wetlands subject to regulation. In all cases, actual field conditions determined wetland boundaries. All wetland boundaries were mapped in the field on aerial photographs at a scale of 1"=400'. Slight variations or inaccuracies in boundaries may occur in transferring data from the aerial photograph scale (1"=400') to the map scale (1"=200'). On-site verified (site access granted) wetland boundaries were mapped accurately to within 25' on the aerial photographs. If site alteration work is proposed, you are advised to contact the Oregon Division of State Lands or the U.S. Army Corps of Engineers with regulatory questions.

Notes:

All wetlands are locally significant unless otherwise noted.
Not locally significant wetlands were assessed using locally significant wetlands criteria or are smaller than the minimum assessment unit.
* Mitigation site according to DSL staff; permit numbers mitigation boundaries not always available.
This map represents the best data available at the time of publication. While every effort has been made to insure the accuracy of the information shown on this page, the City of Beaverton assumes no responsibility or liability for any errors or omissions.
